

Bill Payment by FIS

Comprehensive payment functionality seamlessly integrated into your Digital Banking experience. Offer one-time, expedited and recurring payments, eBills and more – giving your customers full control and insight into their financial picture.

Features

Innovative Customer Experience

- Sophisticated payment options, like expedited payments, automated payments and e-bills, offer your customers more flexibility and control over their finances.
- Customer-friendly features designed specifically to drive adoption and active use.
- Integration with Mobile Banking Apps delivers on-the-go convenience.*
- Easy-to-understand payment velocity with electronic or check payments made to payees on a consistent basis.

Increase Revenue

- Expedited payments provide fee revenue, while meeting customer demand.
- Self-service options and Mobile Banking transactions reduce your support costs.

Position for the Future

- Flexible services-based platform allows for delivery of expected functionality today with room to grow for future service innovations.
- Ongoing enhancements to stay in step with your customers' evolving payment needs. You stay firmly at the center of their financial lives.
- Turnkey marketing support, including targeted Bill Payment campaigns, are refreshed seasonally to ensure long-term growth.
- Ability to quickly add new payment options and functionality enables you to proactively respond to market needs.

Bill Payment consumers own 16 percent more loan and deposit products accounts and have 45 percent higher balances than online non-Bill Payment consumers, generating \$9,300 higher total balances.

As well, Bill Payment consumers access their financial information 27 percent more frequently than online non-Bill Payment consumers, providing an additional opportunity to cross-sell.¹

Online consumers at financial institutions that use Digital Insight digital banking services are 28 percent more likely to actively use Bill Pay than consumers at financial institutions that do not use Digital Insight services.²

Functionality

1. Add a payee
2. Quick view of payees
